

# Big Sugar, Still Waitin'

(G. Johnson)

Talk to me, baby  
Come on and take my hand  
Talk to me, baby  
So I can understand  
'Cause I can't go on living  
Being your sometimes man

Find it in your heart  
Mmmm, to treat me kind  
Find it in your heart  
To treat me kind  
I know all along, darling  
You're undecided in your mind

If you know that you don't want me  
Why, oh why, don't you just say so?  
If you know that you don't want me  
Why, oh why, don't you just say so?  
Oh, well, I have to have your answer  
Or I will have to go  
Go on...

Well, I know that you don't want me  
You never did, and you never will  
I know that you don't want me  
You never did, and you never will  
Now, I'm a fool to keep on waiting  
But I am waiting still  
I am still waitin'...
