

# Billie Eilish, My Strange Addiction

[Intro]

No, Billie, I haven't done that dance since my wife died  
There's a whole crowd of people out there who need to learn how to do The Scarn

[Verse 1]

Don't ask questions you don't wanna know  
Learned my lesson way too long ago  
To be talkin' to you, belladonna  
Shoulda taken a break, not an Oxford comma  
Take what I want when I wanna  
And I want ya

[Pre-Chorus]

Bad, bad news  
One of us is gonna lose  
I'm the powder, you're the fuse  
Just add some friction

[Chorus]

You are my strange addiction  
You are my strange addiction  
My doctors can't explain  
My symptoms or my pain  
But you are my strange addiction

[Interlude]

I'm really, really sorry, I think I was just relieved  
To see that Michael Scarn got his confidence back  
Yeah, Michael, the movie is amazing  
It's like, one of the best movies I've ever seen in my life

[Verse 2]

Deadly fever, please don't ever break  
Be my reliever 'cause I don't self medicate  
And it burns like a gin and I like it  
Put your lips on my skin and you might ignite it  
Hurts, but I know how to hide it, kinda like it (Teh)

[Pre-Chorus]

Bad, bad news  
One of us is gonna lose  
I'm the powder, you're the fuse  
Just add some friction

[Chorus]

You are my strange addiction  
You are my strange addiction  
My doctors can't explain  
My symptoms or my pain  
But you are my strange addiction

[Bridge]

Bite my glass, set myself on fire  
Can't you tell I'm crass? Can't you tell I'm wired?  
Tell me nothing lasts, like I don't know  
You could kiss my ass asking about my motto

[Interlude]

You should enter in festivals or carnivals  
Thoughts? Pretty good reaction  
Pretty cool...right?

[Chorus]

You are my strange addiction

You are my strange addiction  
My doctors can't explain  
My symptoms or my pain  
But you are my strange addiction

[Outro]  
Did you like it? Did you like that?  
Um, which part?
