

# Billy Idol, (Do Not ) Stand In the Shadows

Hearts which beat to a precise beat  
Fading shadows on the wall  
We'll cut our cards, drive out bars  
All for one, one for all  
Like a teenage heat and carnival cheats  
With your heart on your sleeve  
Well, you know you wanna run, you won't hide  
And you jump like a son of a gun  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Oh, alone and lonely  
Watching people on my wall  
Well, Mama and Dadday thought they had me fooled  
I was thinking not at all  
Well, I got out not gonna stand  
In the dark without a light  
Forgetting love if you believe  
That chance sit and wait  
Do not stand in the shadows  
Do not stand in the shadows  
Dodging evil in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
And now the judge is down feeling all around, yeah  
Lifting to a blast this sound  
No preachers, teachers, pick our minds  
To the sounds of false alarm  
They're here today and they hear you say  
You're alive and you're living with me  
So don't try to hide and don't try to die  
In the dark of the night  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
Do not stand in the shadows  
In the shadows, in the shadows  
Do not stand in the shadows
