## Billy Idol, Nobodys Business

What a fool to step into those shoes Either way you know they win or lose You know money talks Your eyes they ain't so blue You love to watch the green-backs walk You got a five-buck side-pack

Tell me, tell me someone stop this pain It's your place I was in a rage insane I wanted your love so bad But your eyes are never blue Droolin' over green-back poolin' You got a five-buck side-pack

Well I must have been right about something Yes to make it to here and to tell you something Cause nobody's business but my own Nobody's business but my own Well I must have been mad about something Cause I'm M A D and I spell it for nothing Cause nobody's business but my own Nobody's business but my own

What a fool to step into those shoes
Either way you know they (you?) win or lose
You know money talks
Your eyes so paralysed
Don't you realise
For love and hate it's just too late
Nobody's business but my own
Nobody's business but my own
