

Bitch Alert, Daniel

I want you to take me down to green river to have some fun
Maybe we just need some time alone, go on, no happy joke

How, you suck

Maybe we could drink some wine some beer enjoy our drunken minds
It's time to take our pills cuz then we can be something

How, you suck

Do we have to ask your mother if we could have some fun
It's always the same when you smoke you get
high and you spoil you fucking spoil everything

you suck
oh boy how/ you suck
