

Black Candy, You Know What I Mean

I am like a demon
i am queen of life
it could be minute
you getting high
your mama warned you
about girls like me
your mama warned you

my body language
may get you high
in jerry follin'
I'm just freaking out

I know you want me
my secret pill
make you disappear

tell me what you want
tell me what you need
tell me what you want
tell me what you need
tell me what you want
tell me what you need
tell me what you want
You Know What I Mean

You Know What I Mean

where's my heaven
there's your hell
how hotter you
and how cold I am

but you should know dear
I am in your blood
it's like a poison
so raise your glass

my body language
may get you high
in jerry follin'
I'm just freaking out

I know you want me
my secret pill
make you disappear

tell me what you want
tell me what you need
tell me what you want
tell me what you need
tell me what you want
tell me what you need
tell me what you want
You Know What I Mean

You Know What I Mean
