## Black Sabbath, Meglomania

I hide myself inside the shadows of shame The silent symphonies were playing their game My body echoed to the dreams of my soul This god is something that I could not control

Where can I run to now?
The joke is on me
No sympathizing god is insanity, yeah
Why don't you just get out of my life, yeah?
Why don't you just get out of my life now?
Why doesn't everybody leave me alone now?
Why doesn't everybody leave me alone, yeah?

Obsessed with fantasy, possessed with my schemes I mixed reality with pseudogod dreams The ghost of violence was something I seen I sold my soul to be the human obscene

How could it poison me?
The dream of my soul
How did my fantasies take complete control, yeah?
Why don't you just get out of my life, yeah?
Why don't you just get out of my life now?
Why doesn't everybody leave me alone now?
Why doesn't everybody leave me alone, yeah?

Well I feel something's taken me I don't know where It's like a trip inside a separate mind
The ghost of tomorrow from my favorite dream Is telling me to leave it all behind
Feel it slipping away, slipping in tomorrow
Got to get to happiness, want no more of sorrow

How I lied, went to hide How I tried to get away from you now Am I right if I fight? That I might just get away from you now Sting me!

Well I feel something's giving me the chance to return It's giving me the chance of saving my soul Beating the demigod, I'm fading away I'm going backwards but I'm in control Feel it slipping away, slipping in tomorrow Getting back to sanity, providence of sorrow

Was it wise to disguise
How I tried to get away from you now
Is there a way that I could pay
Or is it true I have to stay with you now?

How I lied, went to hide How I tried to get away from you now Am I right if I fight? That I might just get away from you now Suck me!

I'm really digging schizophrenia the best of the earth I've seized my soul in the fires of hell Peace of mind eluded me, but now it's all mine I simply try, but he wants me to fail Feel it slipping away, slipping in tomorrow Now I've found my happiness, providence of sorrow

No more lies, I got wise I despise the way I worshipped you yeah Now I'm free, can't you see And now instead I won't be led by you now Free!
