

# Black Sabbath, Shot in the dark

I.

Out on the street  
I'm stalking the night  
I can hear my heavy breathing  
Paid for the kill but it doesn't seem right  
Something there I can't believe in  
Voices are calling from inside my head  
I can hear them x2  
Vanishing memories of things that were said  
They can't try to hurt me now

Chorus:

But a shot in the dark  
One step away from you  
A shot in the dark  
Always creeping up on you

II.

Taught by the powers that preach over me  
I can hear their empty reasons  
I wouldn't listen I learnt how to fight  
I opened up my mind to treason  
But just like the wounded and  
When it's too late  
They'll remember  
They'll surrender  
Never a care for that people who hate  
Underestimate me now

Chorus

II(repeated)

But just like the wounded and when it's too late  
They'll remember  
They'll surrender  
Never a care for the people who hate  
Underestimate me now

Chorus
