Black Sabbath, Under The Sun Every Day Come

Well I don't want no Jesus freak to tell me what it's all about No black magician telling me to get my soul out Don't believe in violence, I don't even believe in peace I've opened the door and my mind has been released Well I don't want no preacher telling me about the god in the sky No I don't want no one to tell me where I'm gonna go when I die I wanna live my life, I don't want people telling me what to do I just believe in myself, 'cause no one else is true Every day just comes and goes Life is one big overdose People try to ruin me And I can't see through their frustration People riding their real pace Keep on running their rat race The ante is risen once a week In their world of make-believe So believe what I tell you, it's the only way to fight in the end Just believe in yourself, you know you really shouldn't have to pretend Don't let those empty people try and interfere with your mind Just live your life and leave them all behind
