

Blink-182, Blame It On My Youth

i wasn't born with the rich blood
I started out with plenty of...
nothing at all
I got stuck in the thick mud
the flash flood
the punk rock
and the alcohol

I was raised on a rerun
I was bored to death
so I started a... band

cut my teeth on safety dance
my intention span
never stood a chance

it's too late
can you forgive me
now

you could never kill my high
I'm the ink and you're the headline
Blame It
Blame It On My Youth
Blame It
Blame It On My Youth

you could never kill my high
I'm the ink and you're the headline
Blame It
Blame It On My Youth
you could never block my shine
I've been lost since 1999
Blame It
Blame It On My Youth
Blame It
Blame It On My Youth

I wasn't made for a good life
I ended up getting stuck on the side of the road
I tripped an fall on hard times
tough breaks are the only kind I know

I was left on the doorstep
I was scared to death
with no here we go
cut myself on the neighbor's fence
that I hopped as the cops tried to take me in

it's too late
can you forgive me
now

you could never kill my high
I'm the ink and you're the headline
Blame It
Blame It On My Youth
Blame It
Blame It On My Youth

you could never kill my high
I'm the ink and you're the headline
Blame It
Blame It On My Youth

you could never block my shine
I've been lost since 1999
Blame It
Blame It On My Youth
Blame It
Blame It On My Youth
