

# Bloodbound, Slayer Of Kings

Prophets in crystal and visions in mind  
They're selling the seeds of their own vicious kind  
And the tale of darkness prevails on and on

Wizards of magic and savor of souls  
Planting the greed of their devious moles  
And the spell of silver and sword takes me home

Father told me: don't believe in the magic stories  
Son no one showed me how to see them through

Fallen wizards and rings  
From the north we gather unite the lords  
I am calling fire and wings  
And the sword by the slayer of kings

Seven in heaven and tears fool the blind  
Merchants of madness obscene you will find  
And they tear through clouds in the skies, legends born

The price of your life in the palm of my hand  
From this day and on is my wish your command  
And the tale of darkness prevails on and on

Father told me: don't believe in the magic stories  
Son no one showed me how to see them through

Fallen wizards and rings  
From the north we gather unite the lords  
I am calling fire and wings  
And the sword by the slayer of kings

In life, we learn, in hell, always darkness  
We fight, with sword, and shield, end the battle  
To rise, or fall, we stand, all in heaven  
Unite, and turn, tonight, my master  
We fly, and burn, enlighten, fire from the sky

Fallen wizards and rings  
From the north we gather unite the lords  
I am calling fire and wings  
And the sword by the slayer of kings
