

Bloody Mess, Dear Son

Take
All I got
And have no remorse
For the things I'll have lost

Learn to live
Off of me
And never regret
That you're my family

Drain
All my strength
I see me in you
And now you are my faith

Make me proud
Like no one
I am all you need
Am I not dear son?

When you lie awake
In the night I'll be there
Trying to remind you
Of the bond we both share
I give you so much
It's almost not fair
That all that I get
Is a terrified stare

Why
Do you break?
And why do you quake
When your hand I take

Why d'you cry
I can see
And why d'you blame me
We're the same family

No
Don't despair
Life might not be fair
But we will take care

We'll survive
Beat them all
It's us – you and I
Our eternal bond

Lies (lies) all lies
There is no crime
I am love, I am joy
I am all to this young boy
Lies (lies) all lies

Koniec
Take all that I have
Have no remorse
I love with all my heart

My dear son
