

Bloody Mess, Run

Run

Till the end of your time, till you die
Till none of your memories survive
Till you break like a child and you cry
For life

I will hunt you down if it costs me my life
You'll pay for what you did to me on that night
I'll open you up and gut like a fish
So run, run, save your last wish

Run, run, run

How

Do you look at yourself when you fly?
When you crawl just to remain alive?
Maybe now it is time to defy
His might

Now I can see you stand tall like a man
Gripping your dignity tight with both hands
I've waited so long for this moment to come
Now you are mine, now you're undone

Kneel, kneel, kneel!

Fight as if it were more than your life (fight)
Fight as if you're the one in the right (fight)
Fight – this one is your one final strife (fight)
Fight as if you're the one in the right (fight)

You're such a maggot it's pleasing to see
How you exercise your futility
But since you resist I'll grant your last wish
If life's what you want, live in an abyss

I will stay here
Spend the rest of my days here
I will remain here
Spend the rest of my life here
Until I see
Until I see
