

# Blur, I'm Just A Killer For Your Love

I heard a man who had no lungs  
he took me in and made me lunch  
He told me how I'd lost my friend  
He smiled at me it was the end  
I said

I'm just a killer for your love [X4]

I cut my hair off in the road  
I take my coat off dropped my load  
I wipe my hands on the grass  
Coz I know that nothing ever lasts  
And I said

I'm just a killer for your love [X4]
