

Blur, Mellow Song

I left my street
I'm a guillotine
Pulling away
In my machine,
Where have I been, now?
Not you

Shooting stars in my left arm
An alcohol low
Giving away time to Casio
Sun is slow
I got soul

Is this where I'm going to
We'll see
We'll see
We'll see

I kill this sleep
I'm the man in the moon
Walking on sand on my home high noon
In love with the moon, love you

Cos I lift my Street
I'm a guillotine
Pull it away
In my machine
Forget where I've been before
Forget you

Is this where I'm going to
We'll see
We'll see
We'll see
