

# Bobby Valentino, Slow Down

I saw you walking  
Down on Melrose  
You looked like an angel  
Straight out of heaven, girl  
I was blown away by  
Your sexiness  
All I have to do is catch up to you

[Hook:]  
Slow down I just wanna get to know you  
But don't turn around  
Cuz that pretty round thing looks good to me  
Slow down never seen anything so lovely  
Now turn around  
And bless me with your beauty, cutie

A butterfly tattoo  
Right above your navel  
Your belly button's pierced too just like I like it girl  
Come take a walk with me  
You'll be impressed by  
The game that I kick to you  
It's over and for reeaal

[Bridge:]  
Like a flower fully bloomed in the summertime, you're ready  
To be watered by this conversation, you're ready  
I'm in awe cause you shine like the sun  
Let me be the one to enjoy you  
Let's kick it girl

[Hook x2]

Oh baby you know by now that I want you bad  
I'm floating on thin air I can't come down  
Cupid hit me already damn  
Now I can't leave till seven digits are in my hand, my hand

[Bridge]

[Hook x2]

Slow down never seen anything so lovely  
Cutie
