

Bodies Without Organs, Gone

Now now that you're gone
I see that I was blind
Now now that you're gone I cry
Now now that you're gone
My world is turning to stone
Now now that you're gone I'm alone

So many nights
You would beg me to stay
So many times
I would leave anyway

I had love in the palm of my hand
Why didn't I understand

Now now that you're gone
I see that I was blind
Now now that you're gone I cry
Now now that you're gone
My world is turning to stone
Now now that you're gone I'm alone

I should have seen
All the tears that you cried
I should have been
There to hold you at night

Now I know just what I should do
Now that you're gone I love you

Now now that you're gone
I see that I was blind
Now now that you're gone I cry
Now now that you're gone
My world is turning to stone
Now now that you're gone I'm alone

Now now that you're gone
I see that I was blind
Now now that you're gone I cry
Now now that you're gone
My world is turning to stone
Now now that you're gone I'm alone
