

# Borgore, 100s

[Intro]

Woah! SKKRT! SKKRT!

[Verse]

Look at me I'm hella cocky

Group DM'ing sisters pictures from our orgy

It's too late to try and stop me I achieved everything I promised, you see proving is below me

Look at me I'm hella cocky

I can trust your girl to be there when I'm feeling lonely

We in public she ain't tryna keep it lowkey

She say she never swallowed but she wanna try it for me (What?)

[Hook]

Hundred hundred hundred hundred hundred

Models in my house I love to feel outnumbered

Your girl is also here if you have wondered

She fucks me cause she wants to

Good girls don't fuck to get funded

[Drop]

[Hook]

Hundred hundred hundred hundred hundred

My hand is getting really fucking tired

From cashing out on people with opinions

You don't have to love me but I'm here making millions!

[Drop]

[Hook]

Hundred hundred hundred hundred hundred

Models in my house I love to feel outnumbered

Your girl is also here if you have wondered

She fucks me cause she wants to

Good girls don't fuck to get funded

[Drop]

[Hook]

Hundred hundred hundred hundred hundred

My hand is getting really fucking tired

From cashing out on people with opinions

You don't have to love me but I'm here making millions!
