

Bracia, Heart of fire

I've been around so many times
I've made a twenty thousand miles
I love it all no matter what you're thinking
It makes me cry, It make me laugh but
The only thing that i would die for
Is freedom babe, no matter what's you're thinking.
No, no... I don't wanna stay here ' cause i'm...
Ref.

Like a river, like a storm
Snap your fingers and i'll be gone
Like a razor, like a knife
Cutting slowly through your heart of fire, babe...

2.Night after night, day after day
I must be always on my way
it's gonna last from now until forever
You never tried to understand that
The highway is my only friend, yeah
I know one day it'll lead me straight to heaven
No, no... I don't wanna stay here 'cause i'm...
Ref.

Like a river, like a storm
Snap your fingers and i'll be gone
Like a razor, like a knife
Cutting slowly through your heart of fire, babe...
