Breaking Point, Falling Down

Don't you lie to me, cause I'm not blind I see the Lessons that you teach create the hate in me

I'm not scared to say that I won't be that way

We're all the same, but there's always a price to pay

I don't want to be the one to push you down and pull you up again

I don't want to be that way

You're falling down, you're falling down again

It's when you speak to me

Cause hates not born, you see

It's pride you scream with bigot eyes too blind to see

Your frame of mind's outdated

Narrow opinions faded

Would you like to meet this monster that you've created

I don't want to be the one to push you down and pull you up again

I don't want to be that way

You're falling down, you're falling down again

Don't you lie to me, cause I'm not blind I see

The lessons you teach create the hate in me

I'm not scared to say that I won't be that way

We're all the same

But there's always a price you pay

I don't want to be the one to push you down and pull you up again

I don't want to be that way

You're falling down, you're falling down again

I don't want to be the one to push you down and pull you up again

I don't want to be that way

You're falling down, you're falling down again
