

# Bruce Springsteen, Gave It A Name

In the fields of the lord  
Stood Abel and Cain  
Cain slew Abel 'neath the black rain  
At night he couldn't stand the guilt or the blame  
So he gave it a name  
So he gave it a name  
So he gave it a name

Billy got drunk, angry at his wife  
He hit her once, he hit her twice  
At night he'd lie in bed, he couldn't stand the shame  
So he gave it a name  
So he gave it a name  
So he gave it a name

Pa told me &&quot;Son, one thing I know is true  
Poison snake bites you, you're poison too&&quot;\*  
At night I can feel that poison runnin' 'round my veins
