

Bruce Springsteen, I Can't Help Falling In Love

Wise men say only fools rush in
But I can't help falling in love with you
Shall I say would it be a sin
'cause I can't help falling in love with you

Like the river flows
Flowing to the sea

Darling so it goes
Some things were meant to be

Take my hand, take my whole life too
'cause I can't help falling in love with you
No, I can't help falling in love with you
