

Bruce Springsteen, Lucky Town

House got too crowded clothes got too tight
And I dont know just where Im going tonight
Out where the skys been cleared by a good hard rain
Theres somebody callin my secret name
Im going down to Lucky Town
Going down to Lucky Town
I wanna lose these blues Ive found
Down in Lucky Town
Down in Lucky Town

Had a coat of fine leather and snakeskin boots
But that coat always had a thread hangin to loose
Well I pulled it one night and to my surprise
It led me right past your house and on over the rise

Im going down to Lucky Town
Down to Lucky Town
Im gonna lose these blues Ive found
Down in Lucky Town
Down in Lucky Town

I had some victory that was just failure in deceit
Now the jokes comin up through the soles of my feet
I been a long time walking on fortunes cane
Tonight Im sleepin lightly and feelin no pain

Well heres to your good looks baby now heres to my health
Heres to the loaded places that we take ourselves
When it comes to luck you make your own
Tonight I got to dirt on my hands but Im building me a new home

Down in Lucky Town
Down in Lucky Town
Im gonna lose these blues Ive found
Down in Lucky Town
