Bruce Springsteen, Nothing Man

I don't remember how I felt I never thought I'd live To read about myself In my hometown paper How my brave young life Was forever changed In a misty cloud of pink vapor

Darlin' give me your kiss Only understand I am the nothing man

Around here everybody acts the same Around here everybody acts like nothing's changed Friday night club meets at Al's Barbecue The sky is still the same unbelievable blue

Darlin' give me your kiss Come and take my hand I am the nothing man

You can call me Joe
Buy me a drink and shake my hand
You want courage
I'll show you courage you can understand
Pearl and silver
Restin' on my night table
It's just me Lord, pray I'm able

Darlin' with this kiss Say you understand I am the nothing man I am the nothing man
