Bruce Springsteen, Real World

Mister trouble come walkin this way Year gone past feels like one long day But Im alive and Im feelin all right Well I run that hard road outta hearbreak city Built a roadside carnival out of hurt and self-pity It was all wrong well now Im movin on

Aint no chuch bells ringing
Aint no flags unfurled
Just me and you and the love were bringing
Into the real world
Into the real world

I built a shrine in my heart it wasnt pretty to see Made out of fools gold memory and tears cried Now Im headin over the rise Im searchin for one clear moment of love and truth I still got a little faith But what I need is some proof tonight Im lookin for it in your eyes

Aint no chuch bells ringing
Aint no flags unfurled
Just me and you and the faith were bringing
Into the real world
Into the real world

Well tonight I just wanna shout
I feel my soul waist deep and sinkin
Into this black river of doubt
I just wanna rise and walk along the riverside
And when the morning comes baby I dont wanna hide
Ill stand right at your side with my arms open wide

Well tonight I just wanna shout
I feel my soul waist deep and sinkin
Into this black river of doubt
I just wanna rise and walk along the riverside
Til the morning comes
Ill stand right by your side

I wanna find some answers I wanna ask for some help Im tired or runnin scared Baby lets get our bags packed Well take it here to hell and heaven and back And if love is hopeless hopeless at best Come on put on your party dress its ours tonight And were goin with the tumblin dice

Aint no chuch bells ringing
Aint no flags unfurled
Oh just me you and the hope were bringing
Into the real world
Well into the real world
Oh into the real world
