Bruce Springsteen, Your Own Worst Enemy

You can't sleep at night You can't dream your dream Your fingerprints on file Left clumsily at the scene

Your own worst enemy has come to town Your own worst enemy has come to town

Yesterday the people were at ease Baby slept in peace You closed your eyes and saw her You knew who you were

Now your own worst enemy has come to town Your own worst enemy has come Your world keeps turnin' 'round and 'round But everything is upside down Your own worst enemy has come to town

There's a face you know Staring back from the shop window The condition you're in Now you just can't get out of this skin

The times they got too clear So you removed all the mirrors Once the family felt secure Now no one's very sure

Your own worst enemy has come to town Your own worst enemy has come Everything is falling down Your own worst enemy has come to town Your own worst enemy has come Everything is falling down Your own worst enemy has come to town

Your flag it flew so high It drifted into the sky
