

Buck-O-Nine, Little Pain Inside

i realize i'm hungry
i recognize the pain in my gut
i don't know where it comes from
or what i'm gonna do about it
this little pain inside my tiny tummy

souplantaion, fosters freeze
in-n-out, or chuck e. cheese
burger king, or taco bell
all these restaurants sound so well
that's what i'm gonna do about it
this little pain inside my tiny tummy

hamburger helper on those days
when i sit home
and fucking laze
and when my budget is kind of low
there's only so many good places to go
that's what i'm gonna do about it
this little pain inside my tiny tummy
