

# C-BooL, Somewhere Over The Sea

Somewhere over the sea  
I found the love from you  
I found the love in me

Somewhere over the bridge  
I found the happiness  
Feeling no loneliness  
I found the love in me

I me  
You feel  
You see  
I found the love in me

I found the love in me  
In me  
You feel  
You see  
I found the love in me

Somewhere over the sea  
Where people look for themselves  
Where you can find someone else  
someone else  
day by day i can feel  
that i found this love from you  
I found the love in me  
I found the love in me

I me  
You feel  
You see  
I found the love in me

I found the love in me  
In me  
You feel  
You see  
I found the love in me
