

# Caedmon's Call, Dance

My name is Mary and I'm from Greenville, Mississippi  
But this is where I live here in this old folks' dormitory  
Every Sunday night Sarah comes to see us  
And she plays that old upright  
But Sarah always seems to leave us

When she plays something comes over me  
Goes from my head all the way to my feet

And I wanna dance  
I wanna snap my fingers all night long and dance  
I wanna move around the room just like a woman in a trance  
All night, I wanna dance  
I wanna wrap my arms around your neck and dance  
I wanna listen to the music that's been ringing in my ears  
And one day I'm gonna dance my way right outta here

I had three girls and a boy but now one's gone up to Heaven  
She's with her papa now 'cause he left for lack of penicillin  
The older that I get I figure everyone is dying  
They're all dying for a change  
I know I'm dying for some action

But days like these Sunday seems so far away  
So until then I'm gonna sit right here and here I'll stay

I wanna dance  
I wanna snap my fingers all night long and dance  
I wanna move around the room just like a woman in a trance  
All night, I wanna dance  
I wanna wrap my arms around your neck and dance  
I wanna listen to the music that's been ringing in my ears  
And one day I'm gonna dance my way right outta here

I'd marry you, if you could dance, that's what I said  
Cuz where I'm going they'll be dancing everyday
