

# Cameo, Single Life

Every little thing you do  
Makes me smile  
And if I had my way, baby  
I'd tie you up for a while

I'd take you through the paces  
One by one  
I don't wanna get too serious  
I just like having fun

Yeah, yeah  
I just like having fun  
Oh, sugar

I'm living the single, single, single  
Life  
The single, single, single  
Life

Now I don't want anybody  
To get the wrong idea about me  
I don't have nothing to hide  
I want the world to see

Just like a car I'll drive you  
Out of your mind  
It's always the first step  
In us having a good time

Oh, oh, oh, sugar

I'm living the single, single, single  
Life  
Single, single, single  
Life

Single guys clap your hands  
Yeah  
Oh, sugar  
Single ladies clap your hands

Feels so good  
And it feels so good  
Feels so good

I'm living the single, single, single  
Life (Oh, sugar)  
Single, single, single  
Life

Single, single, single  
Life  
Single, single, single  
Life

Single, single, single  
Single, single, single
