

# Camila Cabello, Into It

[Verse 1]

Ooh, I'm not a psychic, but I see myself all over you  
Ooh, I'm sick on you, sick on you  
But you're the medicine too

[Pre-Chorus]

The gravity can't hold us  
Your hands are outer place  
I can't make sense of nothing  
And words just get in the way  
This couch is getting smaller  
But it's my favorite place  
Don't even ask the question  
You know what I'm gonna say

[Chorus]

I'm into it, whatever trouble that you're thinking  
I could get into it  
I see a king sized bed in the corner  
We should get into it  
Add up the things I wanna do to you, it's infinite  
I mean, if you're into it, I'm into it

[Verse 2]

Ooh, i'm holding my, holding my breath  
Until i'm turning blue  
Ooh, don't save me, don't save me, don't save me  
I'll fall into you, fall into you

[Pre-Chorus]

The gravity can't hold us  
Your hands are outer place  
I can't make sense of nothing  
And words just get in the way  
This couch is getting smaller  
But it's my favorite place  
Don't even ask the question  
You know what I'm gonna say

[Chorus]

I'm into it, whatever trouble that you're thinking  
I could get into it  
I see a king sized bed in the corner  
We should get into it  
Add up the things I wanna do to you, it's infinite  
I mean, if you're into it, I'm into it  
I'm into it, I'm into it

[Pre-Chorus]

The gravity can't hold us  
Your hands are outer place  
I can't make sense of nothing  
And words just get in the way  
This couch is getting smaller  
But it's my favorite place  
Don't even ask the question  
You know what I'm gonna say

[Chorus]

I'm into it, whatever trouble that you're thinking  
I could get into it  
I see a king sized bed in the corner  
We should get into it  
Add up the things I wanna do to you, it's infinite

I mean, if you're into it, I'm into it  
I'm into it, I'm into it

[Outro]

I'm into it  
Oh na na, I'm into it  
I'm into it  
Oh na na, I'm into it  
I'm into it  
Oh na na, I'm into it  
If you're into it, i'm into it
