

# Camila Cabello, Power In Me

[Verse 1]

Yo, dreams we all have em  
Wake up in the morning  
Still in my pijamas  
Roll up to the game  
Hotter than the sauna  
I was maybe

Focused to the bone  
Thought I use some  
Had a few phases  
Scrappin up my past  
I got different things to make  
Got my squad in this in this huddle man these haters bout to struggle

[Hook]

I got all the time that I need, ya, ya  
Listin to Panda got me beep, ya, ya, ya  
Pencil in my hand, I'm the man, ya, ya, ya  
Red and green, number nineteen, ya, ya, ya

[Verse 2]

I'm going to the life that I dreamed up for myself  
It's been a long road, a long fight that's taken toll on my health  
People try to stop me  
People stop and stare  
People don't really see we should all follow dreams that's fair

Dreams, dreams, dreams, yeah  
They are good for your heart  
The more that you love it  
The sooner you'll start it  
Ain't never gonna stop me from making this art  
I gotta be on point, like I'm a dart

[Verse 3]

Ultra light beams  
Seven inch inseam  
They call us magic because we are a dream team  
They call us lactose cause we are a cream team  
We wearin' short shorts that'll make our knees seen  
Breathing in and out we havin dreams in large amounts  
We love our friends and we love our spouse  
We full a' dreams and we don't run out

[Chorus]

I've got a power in me  
Stronger than electricity  
I gotta dream in me  
That I'm gonna achieve  
My momma told me  
In what to believe  
They wanna stop me  
In what I believe

[Verse 4]

Haters gonna hate  
And Lovers gonna love  
Ignoring what they say  
And what they deprive me of  
I fly past you like I'm dove  
I'm just doing me  
That's what I love

[Chorus x3]  
I've got a power in me  
Stronger than electricity  
I gotta dream in me  
That I'm gonna achieve  
My momma told me  
In what to believe  
They wanna stop me  
In what I believe
