

# Canibus, Blak Iz Blak (Album Version)

(Canibus)

Yo, Yo, Yo

When Mo' Black starts to black out, bitches pass out  
Stick my black dick in they mouth, and dig they back out  
Black monk like Thelonious, the government got a black phobia  
That's why they tapped my black Nokia  
Black fathers, black mothers, black brothers  
Hand-cuffed to each other, going upstate in black buses  
Black thugs, wrap drugs in backwoods  
Smoke till they got black tongues, black lips, and black lungs  
Black is black, wack emcees get smacked  
Forced to go home, and dial 1-800-I-CAN'T-RAP //
