

Canibus, Hotel (Remix)

Yo when the intercourse starts commencing
The Canibus is representing, Siberian ginseng
Snatchin chicks in such a professional fashion
They wont even notice the sexual harassment
Theres only two reasons a girl would leave me for the next one
One, small checks and Two, bad sex
When I lay down Lost, the draws drop
Never had a bed I couldn't find a female occupant for
"We rockin em raw?" NEVER
Don't insult me, i'm vegetarian when it comes to chicken-heads and poultry
But mostly, when I get the feelin' for sexual healin'
I handle em' easier than power steering
