

# Canibus, Living In My Head

The iron clad nomad, don't rip off the whole jam  
When I leave, the audience hold hands  
Canibus ya'll, get with the program  
Everytime my throat expand I get 4 grand  
Out for the dough man, Imma no brand  
30 seconds and I'm out the door man  
A tally written up when I bust the flow man  
Its all about devotion

I loved you first, you ain't love me back  
Try to reconcile you aint want me back  
I'm not the type to bore you, divorce you  
As soon as I get off you, I wanna finish what I start with you  
(REPEAT 2x)

The iron clad nomad, don't rip off the whole jam  
When I leave, the audience hold hands  
Canibus ya'll, get with the program  
Everytime my throat expand I get 4 grand  
Out for the dough man, Imma no brand  
30 seconds and I'm out the door man  
A tally written up when I bust the flow man  
Its all about devotion
