

Canibus, Manchester Freestyle

Canibus is like the spirit of Pac atop Mount Ziggurat
In Iraq with his own Thug Paradise block
What did you come back for?
I come back for my rap tour, pronounced rap shore
Eat corn to memorialise how I was born
Burn trees to symbolise how I spawn
Spike Nod ointment in a Alabaster Jar,
With a logo that resembles the masters scar
My verse on the mic is a surge spike surgical strike
Vertical flight with submersible glowing lights
Speech hit you, deep tissue, breach bone gristle,
Like projectile penetrators from pistols, leave a bullet in you,
