

Cannibal Corpse, Vengeful Invasion

Abducted as a child through human trafficking
Innocence defiled throughout captivity
Years of torment, never ending agony
Bringing forth a plan to make an escape
To execute the ultimate reprisal

Fueled by rage and hate
Motivate to orchestrate the bloodbath
The vengeful invasion

Stealth, executing silent entry
Keeping the captors unaware of their fate
Rage, unleashing homicidal fury
Breaking of bones, administer of pain

First one to go, slashing the throat
Exacting vengeance
Vengeance, vengeance, vengeance, vengeance...
Slicing the skin, removal of limbs
Left there to bleed out
Next one in line, severing the spine
Forcing to scream out
Scream out, scream out, scream out, scream out...
Soon to be dead, bag over the head
Asphyxiation

Death rattle

Stealth, executing silent entry
Keeping the captors unaware of their fate
Rage, unleashing homicidal fury
Breaking of bones, administer of pain

Abducted as a child through human trafficking
Innocence defiled throughout captivity
Years of torment, never ending agony
Bringing forth a plan to make an escape
To execute the ultimate reprisal

Fueled by rage and hate
