

# Celine Dion, In Some Small Way

There's a tree, standing there  
In such an ordinary way  
But as I look around  
Everything keeps changing  
There's a leaf on that tree  
And it floats into a stream  
Like everything it gets carried away  
To the sea  
And if we give a little of our love away  
Maybe meet in the middle every night and day  
If we could hear just a whisper of what the heart needs to say  
It could sure make a difference in some small, in some small way  
In your heart lies the key  
That unlocks your destiny  
Look within and we'll find  
Everything we're longing for  
And if we give little of our love away  
Maybe meet in the middle every night, everyday  
If we could hear just a whisper of what the heart needs to say  
It could sure make a difference in some small, in some small way  
Oh, may you cherish each moment you live  
And know all the love that you give will go on and on and on  
There's a sky, vast and blue  
And it lies deep inside of you  
Breathe it in, let it out  
Breathe it in again  
And if we give a little of our love away  
Maybe meet in the middle every night, everyday  
If we could hear just a whisper of what the hearts trying to say  
It could sure make a difference in some small, in some small way  
In some small way
