

# Chant, Go Ahead With All That

Yo, oh, oh, oh  
Oh, oh, oh, oh  
Let's talk about it  
I used to have a man  
That didn't know what he had  
Till he saw me in the hands of somebody else  
I mean everyday flat, no romance  
Now he's sitting at home, all by himself  
Saying  
What did I do?  
It's not what you did, it's what you didn't do, didn't do  
What can I say?  
Not a word that'll get me back to you, back to you  
Where did I go wrong?  
Well, remember the times when you didn't come home  
I got tired of it, I'm sick of all this  
When a woman's fed up ain't nothing you can do about it  
Go ahead with all of that  
'Cause when you had me  
You didn't want me  
You just treated me bad  
Go ahead with all of that  
So what, you saw me with somebody else, what?  
You're supposed to be mad  
You better go ahead with all of that  
Baby, baby talk, turn around and walk right out the door  
'Cause I gave you too many chances  
To fix our romance  
But I don't want you no more  
No more, no more, no, no more, no  
I don't want you  
No more, no, no more, no more, no more  
You used to keep me in the house  
Never took me out  
Like I heard he was doing with this girl named Kim  
I used to tell them but he really never hit 'em till I quit 'em  
I did the same thing to him  
Now he wanna say  
What did I do?  
It's not what you did, it's what you didn't do, didn't do  
What can I say?  
Not a word that'll get me back to you, back to you  
Where did I go wrong?  
Well, remember the times when you didn't come home  
I got tired of it, I'm sick of all this  
When a woman's fed up ain't nothing you can do about it  
Go ahead with all of that  
'Cause when you had me  
You didn't want me  
You just treated me bad  
Go ahead with all of that  
So what, you saw me with somebody else, what?  
You're supposed to be mad  
You better go ahead with all of that  
Baby, baby talk, turn around and walk right out the door  
'Cause I gave you too many chances  
To fix our romance  
But I don't want you no more  
Go ahead with all of that  
'Cause when you had me  
You didn't want me  
You just treated me bad  
Go ahead with all of that  
So what, you saw me with somebody else, what?

You're supposed to be mad  
You better go ahead with all of that  
Baby, baby talk, turn around and walk right out the door  
'Cause I gave you too many chances  
To fix our romance  
But I don't want you no more  
This ain't something we can work out  
Ain't nothing for you now to talk about  
And how to get as far away from each other as we can  
'Cause you don't know how to treat no lady  
And you wanna act all crazy  
Say the wrong words, do the wrong things  
And expect me to take you back, no  
Go ahead with all of that  
'Cause when you had me  
You didn't want me  
You just treated me bad  
Go ahead with all of that  
So what, you saw me with somebody else, what?  
You're supposed to be mad  
You better go ahead with all of that  
Baby, baby talk, turn around and walk right out the door  
'Cause I gave you too many chances  
To fix our romance  
But I don't want you no more  
Go ahead with all of that  
'Cause when you had me  
You didn't want me  
You just treated me bad  
Go ahead with all of that  
So what, you saw me with somebody else, what?  
You're supposed to be mad  
You better go ahead with all of that  
Baby, baby talk, turn around and walk right out the door  
'Cause I gave you too many chances  
To fix our romance  
But I don't want you no more  
Go ahead with all of that  
'Cause when you had me  
You didn't want me  
You just treated me bad  
Go ahead with all of that  
So what, you saw me with somebody else, what?  
You're supposed to be mad  
You better go ahead with all of that
