

# Charli XCX, Claws

I like, I like, I like  
I like, I like, I like  
I like, I like, I like

like your mind  
like your smile  
like your eyes  
I could die  
aero plane  
you run stuff by  
singing songs by Jeremih  
party time, hop inside  
we're so high, roller-coaster ride  
diamond bright  
kiss me right  
that's so nice

I like, I like, I like  
I like everything about you  
I like, I like, I like  
I like everything about you  
I like, I like, I like  
I like everything about you  
I like, I like, I like  
I like everything about you

so don't you want me back  
cause I wkno wwhat I know  
I don't wanna be alone  
don't you want be back  
cause I know  
when I know I wanna go

I am not shy , make you sigh  
slip and slide up my thighs  
juicy just like clementine's  
sorry If I make you cry

party time, hop inside  
we're so high, roller-coaster ride  
Gemini, switching side  
that's so nice

I like, I like, I like  
I like everything about you  
I like, I like, I like  
I like everything about you  
I like, I like, I like  
I like everything about you  
I like, I like, I like  
I like everything about you

so don't you want me back  
cause I wkno wwhat I know  
I don't wanna be alone  
don't you want be back  
cause I know  
when I know I wanna go
