I was sad till i bought something new

I don't even care like

I don't take a break

I am scared of the things that wouldn't happen
Ije waht id the Sun come shootinf out the sky

Scared to be all alone
Got no one else here
I gotta be lonely for the night
I'm stuck in my mind
But I want outside
So I'ma get it right like

I was sad till i bought something new
I don't even care if i am wsting my time
I don't even care like
