

# Chief Keef, Drank Head

I'm a real drank head  
Real drank head  
Remember when Tech used to come in a car  
Remember Actavis came with a double seal  
And I had just poured me a 12 of Wock  
You can keep the Qualitest all to yourself  
Cause nigga I'm a real drank head, real drank head  
You ain't sipping drank, that shit head  
Hoes in my car, asking me for a cup, that's his bitch  
I should've known she didn't sip drink when she said "Qualitest is better than Actavis"  
I called cuban for 12 pints of Wock, any other nigga better know that he's taxing shit

It's payday everyday  
You ain't tryna fuck, bitch, skate  
Can't come through, ball and no chain  
Adios, knock 'em back to 5th grade  
And what I'm sippin' on a milkshake  
I'm sharper than a switchblade  
All hundreds on me, but I'm on a rampage  
My ice kicking ass, no MMA  
Yeah, I'm sippin' hard  
I just poured a 12, you be pouring 4's  
You be sipping yellow, you be sipping green  
That shit deadly, you need to stick to weed  
I got 20 pints up in my closet  
They gon' be down for the week up  
This bitch got up in my car  
Told the bitch put on a seatbelt  
She steady asking how to lift the seat up  
Had the nerve to ask me for a lean cup  
Where your ass was at for the re-up?  
The drank just hit with me a pre-nup  
Bang, bang

I'm a real drank head  
Real drank head

I'm up in Houston where this shit came from  
Didn't know about bank accounts, I went and made one  
You got red in here, get away from my dope  
This bitch too damn playful, spilled drank on my clothes  
Love no thotties, I don't  
Hopped out of a Rhino  
Your life fugazi, you need to undo  
Backspace, typeover  
Drank made me go, "I need you" (need you)  
If it ain't purple then I can't see you (see you)  
Bitch just text me saying "I'm gon' free you when I see you"  
I'm a well known nigga, you a Dr. Doolittle  
I'm sipping on beetlejuice  
Call my camera man, it's a photoshoot  
Me and 20 pints, I pour them by the 2  
Bang, bang
