

Chief Keef, Freak

I ask shawty why she mean to me
She say Sosa boy, you ass a lil thot
And you always posted on the block
And you always posted with your guys
I ask her why she always wanna tweak
She hit me, that bitch want dollars every week
Ask her why she always wanna be
She know I hit it good every time we freak

She say that her heart broke, cause I hit it hard though
Then walked out the door, put my clothes on pronto
She's looking uncomfortable, I don't give a fuck though
Cause I got a couple zoes, my neck is so fucking froze
Remember stealing hearts, now I ride out sunny
And [?] like skrr skrr skrr, don't rob me
That money you won't find, think I gotta do my weed
Shawty think I got time for her, I can't tell the time bitch
Cause my watch be shining, cause my Rollie be blinding
And I told her look for it, I can't even find it
And now this bitch wanna have it, this bitch still tryna find it
When I try to tell the time, fuck around and blind ya
Let her touch it, grimey
Glo Gang, it's friday
Baby I'm the CEO, I'll fuck around and sign ya

I ask shawty why she mean to me
She say Sosa boy, you ass a lil thot
And you always posted on the block
And you always posted with your guys
I ask her why she always wanna tweak
She hit me, that bitch want dollars every week
Ask her why she always wanna be
She know I hit it good every time we freak

Baby, do you wanna roll and smoke this weed?
We can ride down the beach
We can freak on the beach
Ain't nobody gotta know or see
Keep your mouth sealed, capiche
Baby girl, I know that you is a freak
So come ride Keef and just skeet
I'ma come ride in the felony
I know you like bad boys
I know you like getting-cash boys
I know you like a Glo boy
Bitch, I'm Almighty Glo
Smoking '93 Texaco
She from Cali bitch, not from Mexico
She say she like my coat
She say she like my shoes

I ask shawty why she mean to me
She say Sosa boy, you ass a lil thot
And you always posted on the block
And you always posted with your guys
I ask her why she always wanna tweak
She hit me, that bitch want dollars every week
Ask her why she always wanna be
She know I hit it good every time we freak
