

Chief Keef, Green Light

Girl you know I get that yellow light, yea that slow money
Yellow bitch, bright white snow bunny
Bang, Bang! Bang!

Green light, green light
I mixed it up, at first it was clean sprite
Yea I get that green light, go money
Girl you know I get that yellow light, yea that slow money
Yea I get that green light, green light
I get stop sign money, kill you 'bout my money
Green light, green light, green light
Yea I get that green light money

I was ridin' with my beam
Going fast, I done spilled the lean
Syrup like some Redbull, I think I got wings
Then I pop a flat, bitch this coffee got the cream
I pull up on yo block everybody wanna greet
I hop up out the car, everybody want to meet Chief Keef
But do you got the cheese, do you got the fees
Knock you out, sting like a bumble bee
Mike Tyson (Bang! Bang!)
Countin' on this white man
His bitch gave me head and I liked it, Katy Perry
Got milk?, bitch I'm a dairy
You be telling tales, you's a fairy

Green light, green light
I mixed it up, at first it was clean sprite
Yea I get that green light, go money
Girl you know I get that yellow light, yea that slow money
Yea I get that green light, green light
I get stop sign money, kill you 'bout my money
Green light, green light, green light
Yea I get that green light money

All I talk is money, ughhhh I'm Master P
Bad bitches on me, ughhhh you after me
Dope got me coughin', ughhhh it's nasty

Yeah you damn right, I don't care if they pull me over
