

# Chief Keef, Have My Baby

Only thing I wanna know is can you... my baby, my baby, my baby, my baby  
Only thing I wanna know is can you have my baby, my baby, my baby, my baby

When you put on your makeup you drive me crazy  
Make me think I wanna have a baby  
Where'd you come from, with all these statements?  
Only thing I wanna know is can you have my baby, my baby, my baby, my baby  
Only thing I wanna know is can you have my baby, my baby, my baby, my baby  
Only thing I wanna know is can you have my baby

Can you have my baby?  
Don't look crazy?  
What we gon' name it?  
Beamer Mercedes  
Let's make some arrangements  
Let's have an ..  
Or ballet dancing  
Can you hit my blunt? Maybe, maybe, maybe, maybe  
But it gon' kill you, and I need you to have my baby, baby, baby, baby  
Keep my kid up and you can have money blowing like an AC, AC, AC, AC  
I know I be on that hot stuff but my neck cold like a icy, a icy, a icy, icy  
She don't want no kids with no other nigga 'cause ain't no nigga like me

When you put on your makeup you drive me crazy  
Make me think I wanna have a baby  
Where'd you come from, with all these statements?  
Only thing I wanna know is can you have my baby, my baby, my baby, my baby  
Only thing I wanna know is can you have my baby, my baby, my baby, my baby  
Only thing I wanna know is can you have my baby
