Chimaira, Army Of Me

[Digipack Bonus Track]

You can't

Understand I still have a lot to say

I still

Unfortunately it's not the time or place

This is

Upon my life there will always be lies

My life

I don't believe in this hypocrisy

You are

Parasitic bottom feeders

Of this

Maggots one in the same, you all make me sick

Make me

Especially you who justify your rational lives

Are all

You're killing in the name of God or country

Cowards and crooks

Surrounded by liars, killers and haters

Cowards and crooks

Surrounded by liars, killers and haters

Cowards and crooks

Surrounded by liars, killers and haters

Cowards and crooks I'm surrounded by filth

Army of me

He lives in us all

Army of me

He will avenge me

Army of me

He lives in us all

Army of me

He will avenge me

You are

Parasitic Bottom Feeders

Of this

Maggots one in the same, you all make me sick

Make me

Especially you who justify your rational lives

Are all

Your killing in the name of God or country

Army of me

He lives in us all

Army of me

He will avenge me

Army of me

He lives in us all

Army of me

He will avenge me
