

Chinchilla, Cut You Off

Cut you off

I blocked your number and I cut you off
I stole your thunder you had too much attention already
So I used what you left me to sharpen my machete ahh

Testament

Teeth in a conversation, feed on my tongue untied
Deep in a rumination, me and a bottle of wine, I
I lost my mind
Finally lost composure, something about tonight
Buried every hatchet, left me, gaslit, obsessive, addict, batshit Married to the power I lack, I
I lost my mind

You're so fucking bad to me

Still I censor every feeling and profanity Your fragility could never take the fall This was inevitable

Cut you off

I blocked your number and I cut you off
I stole your thunder you've had too much attention already So I used what you left me to sharpen m
I cut you off
I blocked your number and I cut you off
I stole your thunder,
Let it rain on my life like confetti
Don't call me or text me
I warned you, don't test me AHA

Clear that you're tryna soften something you can't deny

My vision's vivid, I'm livid, I see it playing on a loop, rewind,
I've lost my mind

I don't want it to be put on me to trigger your memory and relive mine You remember too well, Prof

I know that it's bad for me

Still I lied, let it slide, cos I felt bad you see Your fragility could never take the fall You're so fucking

Cut you off

I blocked your number and I cut you off
I stole your thunder you've had too much attention already So I used what you left me to sharpen m
I cut you off
I blocked your number and I cut you off
I stole your thunder,
Let it rain on my life like confetti
Don't call me or text me
I warned you, don't test me AHA

Now I smashed my phone up

threw it at the wall

Cos you called one too many times

what you do that for?

Now I'm lying on the floor

Racking up a debt

Now I'm anxious, and I'm phoneless, What a mess

(Cut you off)

Never used to believe in that (Cut you off)

Till you stole all my money, in fact Wasted energy backing you

Now it's something I have to do

I cut you off

I blocked your number and I cut you off

I stole your thunder,

Let it rain on my life like confetti (let it rain, let it rain, let it rain) Don't call me or text me

I warned you, don't test me, AHA
