

Chloe x Halle, Do It (ft. Doja Cat, City Girls & Mul)

I beat my face
Moving fast cause the Uber on the way
Taking pictures make sure you can't see no lace
That wig secure like the money in a safe

I look like bae
No wi am on the way
Let you know when i am about a mile away
When i am outside please don't make me wait
The party starting whne we pul lup to the gate
Gurl we so late

I am just wit the crew
We ain't out here looking for boo
Cause some nights be better with you
It's a homies only kind of mood
And tonight we on a hundred
One hundred
No drama
No baby mamas
Keepin' it cute

That's just what i do, do , do
And that's just how we do it, do it, do it
And that's just how we do it, do it, do it
You liking what i do
Do you?
Know how to keep it coo
And that's just how we do it
that's just how we do it
and you could do it too

no complaints
left the heels at home
i am on my sneaker game
he say where you from
te;;-em outer space
cause a bag the only thing i am tryna chase
i am M.I.A.
just tell the DJ
press play rewind
keep it on repeat
tiptoe round a hater
i am light on my feet
that's how you do it
keep stunting on yo enemies
good vibes only

I am just wit the crew
We ain't out here looking for boo
Cause some nights be better with you
It's a homies only kind of mood
And tonight we on a hundred
One hundred
No drama
No baby mamas
Keepin' it cute

That's just what i do, do , do
And that's just how we do it, do it, do it
And that's just how we do it, do it, do it
You liking what i do
Do you?
Know how to keep it coo

And that's just how we do it
that's just how we do it
and you could do it too
