

Chris Young, Double Down

Hey, bartender, get us there fast
Pour a little more in that whiskey glass
Fill it on up right up to the rim
Me and the boys about to go all in and

Double down on a good time
Paint the town, talkin' real bright
Neon redneck, head bobbin'
To the hell yeah, honky tonk sound
Get a little loud, stomp your boot heels
Talkin' plowed like a cornfield
Two steppin' shuffle, thumb on your buckle
Raisin' up trouble
There goes another double down

Pretty little thing lookin' thirsty and hot
About to lay down all the cards I got
Buy her a drink, go for broke
She wants all Jack in her Jack and Coke

Double down on a good time
Paint the town, talkin' real bright
Neon redneck, head bobbin'
To the hell yeah, honky tonk sound
Get a little loud, stomp your boot heels
Talkin' plowed like a cornfield
Two steppin' shuffle, thumb on your buckle
Raisin' up trouble
There goes another double down
Double down, down, down

A little overserved, half past one
Ain't slowing down, havin' too much
Oughta go home, oughta be through
Tell ya what we're gonna do

Double down on a good time
Paint the town, talkin' real bright
Neon redneck, head bobbin'
To the hell yeah, honky tonk sound
Get a little loud, stomp your boot heels
Talkin' plowed like a cornfield

Two steppin' shuffle, thumb on your buckle
Raisin' up trouble
There goes another double down
Double down, down, down
Yeah
