Christina Aguilera, Loving Me 4 Me (Interlude)

people ask if i'm in love with you
cause i'm sitting here with your picture and smilin' to myself(i smile)
i'm kinda lost in my own thoughts of you
my heart speaks before my mind thinks through and i blush as i say yes
what afeeling of vulnerability comin over me
and i'm feeling weak and i can't speak(speak)
i can't think
never thought i'd give in so willingly to a human being
with abilities to set me free(free),let me be me
makes me wanna say
